

## Kudos and Congrats

**Ellen H. Lineweaver of McGaheysville** read with pride the article on Nielsen Construction. Avis Hensley, my dad, worked with Nielsen for 30-plus years, and after his retirement continued to be invited to all their employee meals plus receiving gifts at Christmas and other occasions.

In 1983, Dad passed away and we were very surprised at Christmas (and every one since) that the company remembered Mom. She is now 90 and at the Bridgewater Home, and Nielsen's generosity continues. Because of a stroke in December, I could not write them a note, so this is our thanks to a very special company that remembers their employees while on the job and for years after.
